Subject: FW: Consent Order 14-002-w

Governor..thank you SO much for your letter to our Mayor..It was much appreciated. However, TCWS/Utilities, Inc. has again ignored the requirements of a DHEC imposed Consent Order..And Dhec employees are passing along inaccurate emails as to our situation..This should be unacceptable to you.. Pls. help us!!

Mr. Dervay:

You are correct in that the information in Greg's 8:45 am email was incorrect. His email of 9:04 am had the correct information concerning an extension request; that being a request for additional time has been received and is under review.

e:

I'm confused. Did DHEC approve a 14 day extension or not??? Is the info in your 3/19@8:45 email erroneous??

Mr. Dervay,

14-002-w

DHEC has been notified that the completion date was not met. DHEC has not approved any additional time as seen in my previous email, and DHEC is reviewing the request.

Thank you

Mr. Dervay

Because of rain delays and unexpected issues with underground utilities, Tega Cay Water Service requested from DHEC and received a 14 day extension to complete the work at WWTF #2.

Thank you

Per this Consent Order and the DHEC extension issued 2/26/14, the temporary equalization equipment must be installed and operating on or before 3/18/14. I am requesting a response from you that this has been completed and inspected by your organization. Thank you for your prompt response.
